PRE-SUMMIT WORKSHOP

FRIDAY 10 MAY 2024

TURANGA CHRISTCHURCH CENTRAL LIBRARY

Skin Lesion and Dermoscopy course

1200 – **Presenter:** Adjunct Associate Professor Amanda Oakley

1630

Programme overview:

This beginners' Skin Lesion and Dermoscopy interactive workshop will describe the typical clinical and dermoscopic characteristics of common benign and malignant skin lesions. It aims to increase your confidence in evaluating and referring skin lesions. Attend whether or not you've already purchased a dermatoscope.

The course has been endorsed by RNZCGP for up to 4 CME credits for Continuing Professional Development (CPD) purposes. RACS CPD participants can self-report their activities at 1 point per hour. Nurses will be provided with a certificate of attendance as evidence for their professional development portfolio.
